

The Butterfly that thought it was still a Caterpillar

A Clarity Process Workshop

By Taetske Kleijn, with assistance of Esther Ekhart

November 27th till December 3rd at Boab Centre

In this 7-day intensive we will work with "The Clarity Process".

This process, developed by Jeru Kabbal, will give you eye-opening concepts that will change the way you see yourself and the world. You will also learn techniques which you can use at home to intensify and continue your experience. It will give you a new perspective on life that you will find exciting, encouraging and practical.

In order to be free we must stop identifying with our limiting experiences of the past and be genuinely open to the reality of Now. That means we must be willing to release certain aspects of our personality - formed in childhood - in order to make room for our true adult strength and freedom. This workshop is devoted to changing the blueprint of the Deeper Mind to allow us true expansion. It convinces the subconscious that we are no longer dependent on the caregivers of our childhood and that we are no longer bound to their conditioning. Fear, tension and worry start disappearing. Our breath becomes deeper and more relaxed. We become ready to enjoy ordinary moments more and more, feeling more confident and capable. You will leave this workshop with a clear direction and the tools you will need to reach your goal.

Taetske Kleijn studied music & theatre in Holland & Belgium. In 1993 she met Jeru Kabbal and was immediately grasped by the beauty of the process he offered. Jeru gave her a clear view on how to escape from the hypnosis of the mind, into the beauty and mystery of reality. She worked intensely with Jeru during the last 7 years of his life. In 1996 she finished the teacher's training and started giving Clarity workshops. She is based in Holland but also has been teaching in different countries in Europe. In the year 2000 she decided to give up her musical career to be fully available to pass on this beautiful and at the same time very practical way towards truth and liberation.
