

Clarity Process Teacher Training

The Clarity Process of Jeru Kabbal

In an addition to the Inner Core, you can do the Clarity Process Teacher Training (CPTT). You will be trained to give Clarity Process workshops up to step 3, and to guide people in individual Clarity Process sessions. You are warmly invited to partake in this training. It is wonderful if more people are willing to share the work of Jeru. Even if you have no concrete plans to start your own business, you are welcome to join the Clarity Process Teacher Training.

The training is both accessible for participants of the current Inner Core as well as for those who have completed it before. This training provides the Clarity Process part only though. In order to participate, it is necessary that you have some therapeutic education/training and/or have gained some experience in this field. If you have not any of these acquired, you will have to arrange for training in this area yourself. Completing the Inner Core is a condition for certification.

The training consists of:

- 3 CPTT workshops
- 5 internship workshops
- 6 session sets
- giving a workshop

The first CPTT workshop will probably be December 10-13 2020. It is recommended to start with your internships right away.

The Clarity Process Teacher Trainer workshops

The dates of the three CPTT workshops are arranged in consultation with the participants. Each workshop covers 8 to 11 sessions and will be organized in turn by the participants at a place of their choice.

Internships

You partake in five internships, which consists of at least two short workshops and two longer ones (a week or more), of which you would write a report. During an internship you can either participate or assist. In each workshop there is a place for one assistant. The role will be divided amongst those that are interested. You can also do one internship at a workshop from another Clarity Process Trainer. Please note that costs for other trainers are not included in the fee.

Session sets

A session set consists of 3 to 5 Individual Clarity Process sessions with an intake and an evaluation. You do 6 session sets of which at least two with people who know the Clarity Process, and two with people who do not know the Clarity Process. These 4 sets you offer for free. For the other sets you can ask a training fee of up to € 40,- per session. You are expected to write a report of each session set and ask the client for some feedback.

Giving a workshop

In the second year of the CPTT you are going to give the workshop 'A Taste of Clarity'. A workshop designed by Jeru. You can do this on your own or with a co-trainer. This includes doing the PR and organization. Participants pay a fee of a maximum € 120,-. This does not include accommodation costs and course material.

Certification

Having completed the Clarity Process Teacher Training, you are certified to give individual Clarity Process sessions and Clarity Process Workshops step 1, 2 and 3. After the Clarity Process Teacher Training there is the opportunity for peer review and supervision. You are obliged to participate in this for three years to maintain your certification.

Time frame

It is recommended that before the start of the first CPTT workshop, you have done one or two internships. Before the second CPTT workshop you have at least done 3 internships and 3 session sets. After 3 internships and 4 session sets, you organize your Clarity Process weekend workshop. This has to take place before the last CPTT workshop. After having given your own workshop you do your last internships and conclude the session sets.

Fee

The Clarity Process Teacher Training costs € 1850,-. This includes 3 CPTT workshops, 5 internships at Tsuki workshops, manuals and supervision. It does not include accommodation costs. Participants who do the CPTT during their Inner Core pay € 1350,-. Training costs are usually tax deductible. If the fee is an obstacle for participation, please contact the Dana Clarity Fund.
